

entrepreneurial you

workshop outline

An engaging workshop which provides pupils with a clear understanding of being entrepreneurial, and effectively complements enterprise education in school.

- **entrepreneur or intreprenuer?:** which are you, and what are the differences and qualities needed for both?
- **business or social entrepreneur:** examining the differences between the two
- **entrepreneurial challenge:** working in teams, pupils look at generating ideas, financial and business planning, and marketing a service
- **presenting your idea:** teams present their ideas as a business plan, website, and live presentation or commercial
- **the decision:** team business plans and presentations will be taken away and judged by a business expert, who will select a winning idea

NB Access to computers is essential for this workshop (recommended one computer – preferably laptop - per group of 5 students).
