

lead to achieve

workshop outline

This leadership workshop takes students through the art of leadership with some real-life examples and opportunities to test their leadership skills.

- **the art of leadership:** defining and looking at what leadership actually is in a variety of contexts.
- **famous leaders:** a fun exercise looking at famous leaders and the characteristics they exhibit.
- **the 'post-it' challenge:** enables students to consider their own leadership skills and qualities and how they might use these in different ways.
- **being a leader:** case studies looking at what being a leader means and what it entails. Share C.A.N.I and winning mentality principles
- **team challenge:** practically putting student's leadership skills into action.
- **leadership skills and capabilities audit and planning to improve:** a self reflection tool to help students analyse their leadership skills and develop goals for improvement.
